

UBI Consulting is a group of Uzbek professionals providing services to customers of the public and private spectrum. UBI Consulting was established in response to the increasing changes in development in Uzbekistan and other countries of Central Asia.

The company specializes in the implementation of strategic and feasibility studies, and evaluation activities and project experience that each UBI consultant brings to assignments.

PHARM GROUP is an independent commercial enterprise established in 2008 by the group of specialists.

The activity of PHARM GROUP is targeted onto decision-making of the first-priority objectives of pharmaceutical companies: increasing the sales of drugs.
